**MARIA
WHITTAKER**

Must be all that rain that grows melons like this! These are the biggest tits in Britain. They're big and they've made it big! Maria Whittaker is the girl the Brits get their pebbles off on – they don't have rocks over there.

Just how big are these celebrity maunds? Well she can just about get a bowler hat over each of them, which makes 'em "six and seven eighths" British style. ☼
